

Hahah Someone asked how often do people mistake me for a boy in person. Hahah..never. I get mistaken for a girl all the time. (Too petite to successfully look like a boy.)

However, I don't really put effort into masculinizing myself. I guess I don't need a beard to proof my masculinity. So this usually happens

This is Aidyn.
She—

Hoi
Pohoi

*He

But you're a
girl—

*He

But I don't
wanna be
pretty,
dammit.

I wanna be
handsome
as fu.

I think this was a very lengthy strip
to say
"I will always prefer male pronouns."
In case you guys stumble upon my Facebook,
Instagram or Youtube videos.
Please keep that pronoun preference in mind,
